

PROJECT TOPIC 6 : TEXT SEGMENTATION INTO COHERENT PARTS SUCH US PARAGRAPH, TOPIC
INTERSHIP DURATION: 4 - 6 MONTHS

KEY RESPONSIBILITIES:

- Exploring different state of the art models for text segmentation and clustering
- Text preprocessing
- Modeling and evaluating the chosen approach
- Model deployment

CANDIDATE PROFILE & REQUIREMENTS:

Internship recommended to IT/Engineering students with fair knowledge of the below technologies :

- Natural language Processing (NLP)
- Python
- Pytorch, Tensorflow
- Spacy, Transformers
